

# Firearms Owners

Are there firearms in your house?

Are you worried about children, guests, or other unauthorized individuals gaining access to your firearms?

Are you concerned about a burglar stealing your firearms?

Are you a new firearms owner who is seeking to develop the knowledge, skills, and attitude necessary to own and use a firearm safely and effectively?

Do you keep firearms in your automobile?

Do you have a concealed carry permit and want to know under what circumstances you can use force or deadly force against an assailant?

Do you want to be able to travel in more states while in possession of your firearms?

**If you have answered “yes” to any of these questions, then this course is  
for you.**

# RRC Home Firearm Safety Course

The Rochester Rifle Club is offering a combination of two courses including the NRA Home Firearm Safety Course and an RRC course focused on the fundamentals of shooting. The courses will be Saturday, May 9, 2020 from 8:00 AM until 6 PM. The NRA course does not involve live fire, but teaches how to safely handle and store handguns, rifles, and shotguns in your home. The emphasis of the course will be on the safe use and ownership of handguns.

Immediately following the above course, the RRC will be holding the second course, non-NRA course, focusing on safe gun handling and includes live fire. This course appears to meet the training requirement to obtain a FL pistol permit. Students having a NY pistol permit should bring, if they have one, a handgun, eye and hearing protection, cleaning supplies, approximately 100 rounds of ammunition, and a spotting scope. For those students who do not have a NY pistol permit, we will have air guns available. In addition, we will be offering an optional module, at additional course for students desiring to obtain a UT permit. There will also be a discussion over the lunch period covering the legalities of the use of force and deadly force in New York State.

Cost of the course will be \$110 for the combination of the NRA Home Firearm Safety and the RRC Fundamentals of Safe Gun Handling courses. The UT permit course option is an additional \$65. Checks should be made out and sent to Donald Rimai, P.O. Box 505, Webster, NY 14580. Email questions or inquiries to [donrimai@gmail.com](mailto:donrimai@gmail.com). Please register and pay for the course by March 1, 2020. Please also note that the Rochester Rifle Club requires that you will have to sign a liability waiver in order to use the Club's facilities.

Please note that magnum ammunition cannot be used at the RRC.

Topics covered include:

- A. Firearms safety
- B. Fundamentals of loading, shooting, and unloading various firearms
- C. Ammunition selection
- D. Cleaning firearms
- E. Safe storage of firearms
- F. Opportunities to enhance shooting skills

This class will be limited to 10 students. Students can register at
